Welcome  
to  
Hemlock Cabin

at Moonshadow Farm

A SECLUDED, RUSTIC CABIN AVAILABLE YEAR-ROUND FOR MOUNTAIN BIKING, HIKING, SKIING, SNOWSHOEING OR JUST RELAXING.

LOCATED IN THE BACK WOODS OF OUR 80 ACRE ORGANIC VEGETABLE AND HERB FARM, JUST 20 MINUTES NORTHWEST OF WAUSAU, WI.

### Get Lost in Nature

Hemlock Cabin is located in the midst of a 350 acre woodlot. Three and a half miles of tracked, groomed cross-country ski trails await you during the winter season. In the summer, these trails can be used for hiking or mountain biking. The cabin is located a short distance from a 3 acre field of purple coneflowers, which provide a stunning display of color when in bloom from early August to late September. A 12' by 20' covered deck allows guests to take in the picturesque scenery, view wildlife or take a nap in the hammock. In addition, numerous large windows keep guests in tune with nature's magnificence while relaxing indoors. Our private, wood-fired sauna provides a relaxing, rejuvenating experience at any time of the day or night.

### Cabin Amenities

Hemlock Cabin comes equipped with most items you will need during your stay. Our kitchen is stocked with basic cooking supplies and utensils. We also have oils, spices, flour and the like on hand for your culinary needs. The root cellar is stocked year-round with seasonal produce from our organic farm that is available for your use (included in cabin rental price). Bed linens, sauna and shower towels, wood for heating/cooking and water for cooking and washing will all be in good supply during your stay. Outdoors there is a gas grill and a campfire ring with plenty of seating. If you have specific questions regarding what's available, or if there is something additional you may need, please contact us! Please note that we do not provide skiing, biking or snowshoeing equipment.
